The Way of Holistic Health

HOW DETOX FOOTBATH WILL HELP YOUR PATIENTS

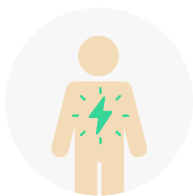

The Detox Footbath takes natural detoxification to the next level by enabling an alkaline environment within the body's own electrical field to improve overall wellness.

It sensitively stimulates and balances the bio-energetic fields of the body, facilitating better organ function and auto-detoxification

from preservatives, harmful chemicals, pesticides, yeast, and other harmful toxins.

As the electric polarities transform the acidic nature of one's body into a healthy alkaline state with a more balanced pH, patients automatically experience a host of benefits:

Increased energy

Improved sleep

Clearer thinking

Better organ function

Boosted immune system

Auto-detoxification

Fewer aches and pains

HOW DETOX FOOTBATH WILL ELEVATE YOUR BUSINESS

Developed in 2001 and refined continuously, nearly everyone can benefit from following a Mary Staggs Detox Footbath program, making it essential to add this wellness solution to your offerings.

A profitable investment for businesses, the Detox Footbath enables a 30-minute

relaxing therapy. Compact and neat, the product does not occupy a lot of space and is also easy to maintain, with removable thumbscrews to help facilitate cleaning.

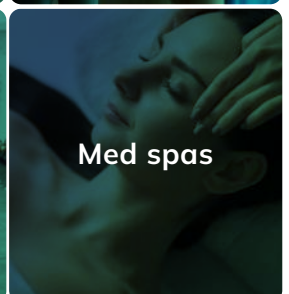

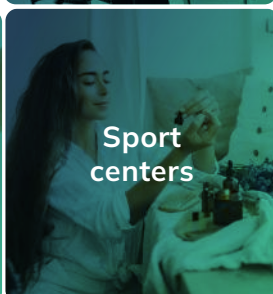

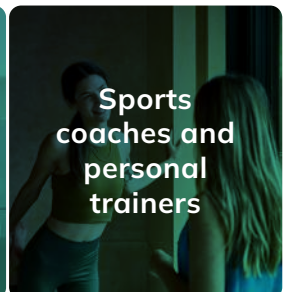

You can use this in your practice to provide a service/session and sell it to your clients for at-home use!

One-time investment. This device can be used for up to 20 years!

Over **90%** of patients report relief from symptoms after the first session!

MOST SUITABLE FOR

WE ARE WITH YOU EVERY STEP OF THE WAY

Research and development

Research engineers, medics & therapists at Wegamed gmbh develop innovative diagnosis and therapy devices to support the health of your patients and remain in close touch with the end-users of the devices to add new features.

Customer support, installation, and repair

Wegamed gmbh customer support is offered by the head office as well as an international network of medically qualified specialist advisers and trainers.
